

Joana - 2018

Joana is all about youth and happiness. It is a wine full of aromas, nuances and other sensations which are expressed in a candid manner. And yet, Joana is much more than this. It is the first of a fascinating wine project in which we are joined by our children to give continuity to a philosophy of life. Joana is an aromatic explosion of flowers and fresh, ripe fruit. It is direct, flavoursome, cheeky, but also pleasant. Joana can be enjoyed sip after sip, to thoroughly enjoy its youth and fruitiness. Thanks to this wine, Joana we are learning to view our terroir from a different perspective.
